Darko Fan Mini Build Sheet

USB desk fan with the Darko alarm · a Coffeebreak design by Karen O'Brien

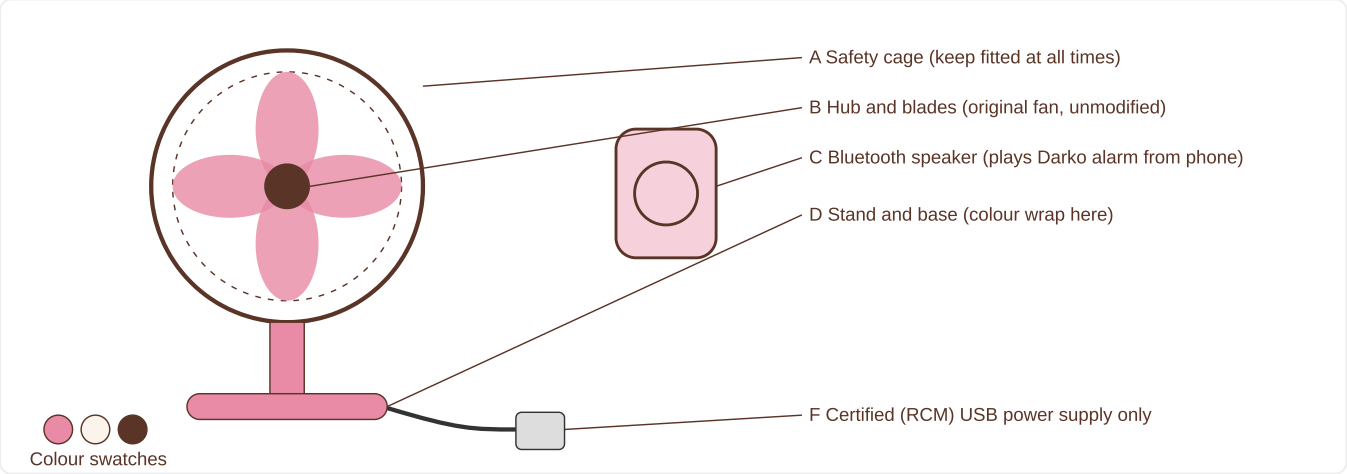

Overview

A small pink USB desk fan that sits next to a mini Bluetooth speaker. Your phone plays the "Wake up from Darko" alarm or your music through the speaker, while the fan keeps you cool. No electrician needed, because it is all low-voltage USB.

Colours: ● Coffeebreak pink ○ Cream ● Cocoa brown

Safety first. Power everything from a certified, RCM-marked USB power supply or power bank only. Do not open the fan motor, change its wiring, cut USB cables or use unbranded chargers. Keep the safety cage fitted. Do not cover the fan or light while on, and keep cords away from children and pets. Supervise children.

Parts list

Part (common off-the-shelf)	Qty	Price in AUD
Ready-made USB desk fan with safety cage (5 V, about 10 to 15 cm)	1	$15 to $30 (est.)
Certified RCM-marked USB wall charger (5 V, 2 A or more)	1	$15 to $25 (est.)
USB-A to USB-C or micro-USB cable (to match the fan)	1	$8 to $15 (est.)
Mini rechargeable Bluetooth speaker	1	$20 to $40 (est.)
Pink vinyl wrap or plastic-safe spray paint (for the base and stand only)	1	$10 to $20 (est.)
Coffeebreak-style decals (print your own on vinyl sticker paper)	1 sheet	$5 to $10 (est.)
Removable hook-and-loop strips (to keep the speaker beside the fan)	1 pack	$5 to $10 (est.)
Estimated total		**About $78 to $150 (estimate)**

All prices are estimates only and will vary by store and brand. Buy electrical items from Australian retailers and check for the RCM safety mark.

Step-by-step assembly

1. Unpack the USB fan and check it works with the certified USB charger before you change anything.
2. Unplug it. Clean the base and stand with a damp cloth and let them dry.
3. Mask off the cage, blades, switch and USB socket with painter's tape. Only the base and stand get colour.
4. Wrap the base and stand in pink vinyl, or use thin coats of plastic-safe spray paint outdoors. Let each coat dry fully.
5. Add your decals to the base. Keep them off the cage and blades.
6. Stick a hook-and-loop strip on the base and the speaker so the speaker sits beside the fan, not in its airflow path.
7. Pair the Bluetooth speaker with your phone. Set the "Wake up from Darko" sound (or any song) as your phone alarm, with Bluetooth on.
8. Plug the fan into the certified USB charger, switch on and test. Charge the speaker with its own cable and charger.

Care

Unplug or switch off before cleaning. Wipe with a dry or slightly damp cloth. Check blades, cage, cords and chargers now and then, and stop using anything that is damaged, hot or wobbling.
